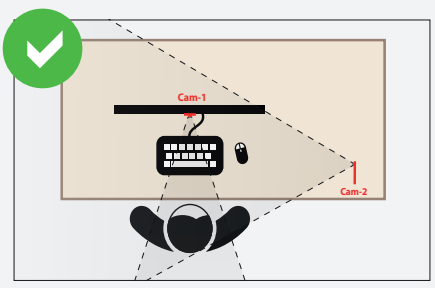
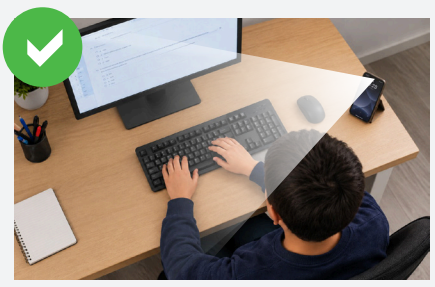
Requirements and Recommendations

See the recommendations you should consider during the exam.

We recommend that you take the exam using a PC or a laptop.



Cam-1: The camera must clearly show the student's head and lower body.
Cam-2 (Left or Right side): The camera must clearly show the computer screen, keyboard, mouse, desk, arms, and the student's body.



The exam system is compatible with dual-camera setups and screen sharing.

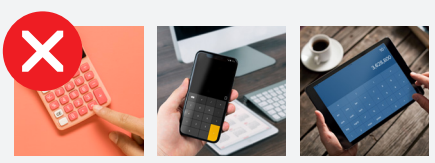
IMPORTANT!

To be eligible for the Top 10, students must keep both cameras and full-screen sharing active throughout the exam.

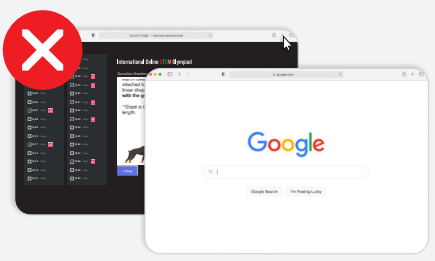
Prohibitions Not Allowed

See the items and behaviors that are prohibited during the exam.

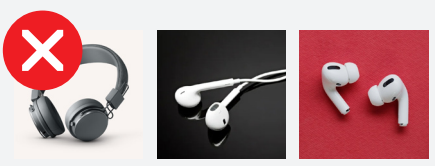
Taking photo or copying the questions is prohibited.



All types of calculators and dictionaries are NOT allowed to use.



When you open a new window other than the exam screen, you will get a warning and noted by the system.



Headphones are NOT allowed to use.

Covering the face is NOT allowed.

Camera must NOT be closed.

Do not forget to read **the exam conditions** before the exam starts, when you enter the portal at the exam time.

GOOD LUCK
